

Budgeting, Reporting & Monitoring Course in Paulatuk, NT

October 18th-29th, 2018

Inuvialuit Regional Corporation, in partnership with GNWT MACA's School of Community Government & Crowe MacKay LLP is offering a 10-day Budgeting, Reporting & Monitoring course in Paulatuk.

Participants will review the budgeting process to ensure they have the required skills and knowledge to plan for and implement their organization's budget.

This course is 1 segment of a 10-course certificate in Community Finance. If you are interested in **attending this course**, please apply. Instructor and dates are secured. A training allowance is provided depending on eligibility, all applications are welcome.

The Budgeting, Reporting & Monitoring Course includes the following:

Participants will also learn how to allocate the budget on a monthly basis. Revenue allocations and expenditure cycles will be explained. Participants will learn how to use the annual budget as a tool to compare monthly actual expenditures to budgeted amounts. The course will focus on the budget review process and the tools used to evaluate the budget and the overall health of the organization.

Additional topics covered include the techniques of variance analysis, reporting tools such as the Interim Reporting Tool and assessment of significant budget factors.

Course instructed by: Crowe MacKay LLP, Chartered Accountants

Deadline for applications October 12th, 2018
