INFORMATION ON FINAL REPORTING

(This section is for successful applicants only)

The Community Advisors and Funding Partners for the NWT On The Land Collaborative are always interested in hearing from you and learning from the projects we support. We want to make it easy for you to access funding, resources, and advice, and we want to ensure that we are constantly improving ourselves. We also want to foster relationships and collaboration between regions, organizations, communities, and projects so that everyone can learn from each other's experiences.

If your application is successful, we will work with you throughout the year to provide support and encouragement. When the project is over, we'll ask you to share with us:

- At least 5 photos of your project - you can send video too if you like!
- A brief description of how the money and resources we provided were used.
- The story of your project, including what went well and what was challenging.

We will work with you to get this reporting done and answer any questions along the way.
